IDEA PURPOSE

Homeless.com is helping homeless people get homes,
Making Government hassle free to target right locations
Giving more projects to local Real estate agents , growing economy and employability
And at the end making it a social responsibility for us citizens to start acting!

PROBLEM /OPPORTUNITY

The Main problem our society is facing regarding this issue is simply the **LACK OF TECHNOLOGICAL INFRASTRUCTURE** and " **Bhad mei jaa** " attitude by people...

homeless.com has the thing to become the first player in this market...

GOVERNMENT

We provide **Government** with our main window where they can
MONITER the frequency of areas having majority request from users using **graphs**.

They can publish tenders for constructions of
"GOVERNMENT GENERAL HOUSING WELFARE SOCIETIES"

BUSINESS MODEL FOR REAL ESTATE AGENTS

Number of users

Our users are INDIAN citizens who are spread all over India.

Expected Revenue

You can uplift your revenue by huge margins.

READY TO SCORE?

We give our users points based on real query submissions which they can use to redeem government subsidies.

UNDERLYING MAGIC

Our systems are optimied and will be ready in a short time interval . Becoming one of its kind and the very first player in the grounds making a social issue profitable for every side of the coin and thus increasing our economy

MANAGEMENT TEAM

A low manpower management team can be established to achieve it

Thank You

Team R34
